Welcome

Welcome! By joining the team at Juniata College, you have become an important part of an exciting and challenging educational endeavor. The College’s success in carrying out its mission is, in large part, dependent on the success of each of its employees. Your skill, pride and commitment to your work help ensure the continued progress and strength of the College.

This handbook is intended for all non-faculty salaried employees and is written to provide information about College policies and procedures related to employment, benefits, and programs and services available to you. For more detailed explanations, please refer to the various benefit brochures and pamphlets that will be made available to you. Information contained in this handbook is not intended to establish an employment contract of any kind or duration. It is not a legal document. The College reserves the right to make changes to this handbook when such changes are warranted. We believe that only when both parties, the College and the employee, are satisfied should the employment relationship continue. Employment at Juniata is at the mutual consent of Juniata and the employee, and either party may terminate that relationship at any time, with or without cause, and with or without advance notice. Employment at will is a statement of the voluntary nature of the relationship between Juniata and its employees.

Please read this manual carefully; it is your personal copy. The full text of the handbook is also located on the HR web site. Should you have any questions regarding it, please discuss them with your immediate supervisor or Human Resources.

Again, welcome. We are happy you chose to become a part of our team.

Mission Statement

The College is a community dedicated to providing the highest quality liberal arts education. The aim of that education is to awaken students to the empowering richness of the mind and to enable them to lead fulfilling and useful lives.

As a community, the College is especially concerned with the environment necessary to foster individual growth. It therefore values mutual support, the free exchange of diverse ideas, and the active pursuit of both cooperative and individual achievement. As a member of the international community, the College extends the student’s academic experience into the world and encourages the free exchange of thought among peoples from distinct cultures and nations.

Individual growth first requires the development of basic intellectual skills: the ability to read with insight, to use language clearly and effectively, and to think analytically. A Juniata education helps students to understand the fundamental methods and purposes of academic inquiry and encourages them to achieve an informed appreciation of their cultural heritage. On this foundation, Juniata students are stimulated to exercise creativity and to develop those fundamental values -- spiritual, moral and aesthetic -- which give meaning and structure to life.

The qualities of mind and character nurtured within the College community permit our students to realize their full potential as contributors to society, informed citizens, and caring and responsible adults.

*Juniata College is a learning community dedicated to the highest quality education in the liberal arts and sciences, thereby empowering our graduates to lead fulfilling and useful lives in a global setting.*

Historical Background

Juniata College was established in 1876 through the efforts of several members of the Church of the Brethren who believed that it was their duty “to encourage institutions in which youth may acquire useful knowledge” and “to fit students to meet the duties and responsibilities of life.”
An early document included the following statement of purpose:

“. . . to perpetuate good and sound learning distinguished by Christian principles that the youth of the Church and the State may be trained for such service as an enlightened mind and quickened conscience may lead them to render to God and to man.”

This aspiration has guided the College as it has served for over a century. Dr. Andrew B. Brumbaugh, physician and surgeon of Huntingdon, interested his cousins, H.B. and J.B. Brumbaugh, printers and publishers, in the proposed school. Together the three men engaged Jacob M. Zuck to conduct classes in a small room over a printing office. The school opened on April 17, 1876.

Quickly expanding from three to thirteen students, the Huntingdon Normal School continued to grow through the diligent efforts of Professor Zuck and with the support of such educational pioneers among the Brethren as James Quinter and William J. Swigart. In the spring of 1879, the classes totaling 69 students were moved to Founders Hall on the present College site in the west end of Huntingdon. Land for this purpose was donated by local citizens. The Juniata community now has available 38 buildings on nearly 1,000 acres including the 315-acre Baker-Henry Nature Preserve. A 665-acre Environmental Studies Field Station on nearby Raystown Lake is leased from the Army Corps of Engineers.

Soon after its founding, the school was renamed the Brethren’s Normal School and Collegiate Institute. In 1894, the name was further changed to Juniata College after the Indian name for the nearby river.

The College is now a nationally ranked liberal arts college which continues to emphasize the centrality of teaching and the importance of considering each student as a person of worth and dignity. There continues to be present a strong emphasis aimed at developing motivation for the use of learning in significant service to mankind.

**Equal Employment Opportunity Commitment**

Juniata does not discriminate on the basis of race, sex, gender, age, religion, ancestry, color, marital status, national or ethnic origin, physical or mental disability, sexual orientation, citizenship or veteran status in the administration of its employment practices, or in the educational programs or activities it offers. The College will take positive steps to increase the ethnic and general diversity among its employees.

Juniata College has adopted the following Equal Employment Opportunity Policy:

The basic principle of the employment policy is that equal employment opportunities will be available to all qualified applicants. All decisions will be based solely on the applicant's experience, ability, potential and willingness to support the programs and general aims of the College. Advancements will be based on the individual’s achievements and capacity to succeed. This policy emphasizes that all applicants and employees will receive fair treatment in all employment practices, including, but not limited to, hiring, firing, promotion, layoffs, transfers, and benefits.

The College seeks to maintain highly productive and loyal employees by hiring qualified individuals and providing them with compensation and opportunities for advancement in accordance with this policy.

The College shall not penalize any employee, regardless of marital status, because they may require time away from work for childbearing or child care. Such leaves shall conform with stated College policy Family Leave.

The Director of Human Resources is designated as the Affirmative Action Officer and is responsible for the implementation and maintenance of the policy aimed at insuring equality in employment opportunities for the College. S/he will review the effectiveness of the Affirmative Action Policy with the President's Cabinet annually and will revise the Plan as needed. Complaints of discrimination should be reported to the Director of Human Resources for investigation and resolution.

The College commits itself to this policy not only because of legal obligations, but because it believes that such practices are basic to human dignity.
Non-Discrimination and Harassment Policy

Our College is committed to maintaining a work environment that is free of discrimination. Accordingly, this policy forbids any discriminatory employment action or any unwelcome conduct that is based on an individual's race, color, religion, sex, gender, national origin, age, disability, ancestry, marital status, veteran status, citizenship status, sexual orientation, or any other protected status of an individual or that individual's associates or relatives. The College will not tolerate any form of harassment of our employees or other persons performing services for our College by anyone, including any supervisor, co-worker, vendor, student, parent, or alumni of our College.

Harassment consists of unwelcome conduct, whether verbal, physical, or visual, that is based on a protected group status.

The College will not tolerate harassing conduct that:

- Affects tangible job benefits
- Interferes unreasonably with an individual's work performance
- Creates an intimidating, hostile, or offensive working environment

Such harassment may include, for example:

- Jokes about another person's protected status
- Kidding, teasing or practical jokes directed at a person based on his or her protected status

Sexual harassment deserves special mention. Unwelcome sexual advances, requests for sexual favors, and other physical, verbal, or visual conduct based on sex or gender constitute sexual harassment when:

- Submission to the conduct is an explicit (clear) or implicit (implied) term or condition of employment
- Submission to or rejection of the conduct is used as the basis for an employment decision, the conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment

Sexual harassment is conduct based on sex or gender, whether directed towards a person of the opposite or same sex, and may include:

- Explicit sexual propositions
- Sexual innuendo (sly remarks)
- Suggestive comments
- Sexually oriented "kidding" or "teasing," practical jokes, and obscene printed or visual material (including e-mail)
- Physical contact such as patting, pinching, or brushing against another person's body
- Treating people differently, even in non-sexual ways, solely because of their sex or gender

All employees are responsible to help assure that we avoid discrimination and harassment. If you feel that you have experienced or witnessed any conduct that is inconsistent with this Policy, you are to notify the Director of Human Resources or your supervisor.

The College forbids retaliation against anyone for reporting discrimination or harassment, assisting in making a discrimination or harassment complaint, cooperating in a discrimination or harassment investigation, or filing an EEOC claim. If you feel you have been retaliated against, you are to notify the Director of Human Resources or the appropriate Vice-President.

The College's policy is to investigate all discrimination and harassment complaints thoroughly and promptly. To the fullest practical extent, the College will keep complaints and the terms of their resolution confidential. If an investigation confirms that a violation of the Policy has occurred, the College will take corrective action, including discipline, up to and including immediate termination of employment.
Commitment to Compliance with Americans with Disabilities Act (ADA)

Juniata is committed to complying with the Americans with Disabilities Act (ADA) and ensuring equal opportunity in employment for qualified persons with disabilities. The ADA specifically prohibits discrimination on the basis of disability in employment. All employment practices are conducted on a non-discriminatory basis. The employee must notify and provide documentation to the College of the existence of any qualifying disability and any “reasonable accommodation” necessary to perform the essential functions of the job.

Under the Americans with Disabilities Act of 1990, the term “disability” means, with respect to an individual:

- A physical or mental impairment that substantially limits one or more of the major life activities* of such an individual.
- A record of having such an impairment; or
- Being regarded as having such an impairment.

*Major life activities include functions such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. The Office of Human Resources will work with all employees and their supervisors in determining the most effective accommodations that can be reasonably provided on an individual basis. Requests for “reasonable accommodations” should be made to supervisors or the Office of Human Resources.

The Drug-Free Campus and Workplace Policy

The Drug-Free Campus and Work Place Policy applies to all members of the College community, including all full-time and part-time students; all full-time and part-time permanent and temporary employees, including faculty, administration, and all exempt, non-exempt and union staff; and all student employees and interns. It applies to behavior that occurs on the College campus, on property owned or controlled by the College, or at College-sponsored or College-supervised activities.

The College has a strong commitment to provide a drug and alcohol free environment. As a condition of employment all employees are required to become familiar with and adhere to the following rules and regulations:

- All employees are forbidden to use or possess illegal drugs at any time during the working day. Employees also are forbidden to engage in any sale or other transaction involving such substances on the employer's premises. Violators will be subject to immediate discharge.
- Corrective action, up to and including termination of employment, will be taken if any employee is under the influence of alcohol or illegal drugs on the job.
- Employees who appear to be in an impaired condition on the job may be required to submit to a test to determine whether they are under the influence of alcohol or illegal drugs. The types of tests that may be used include breathalyzer tests, blood tests, and urinalysis.
- Any sale of illegal drugs during the workday or on the employer's premises will be treated as gross misconduct punishable by immediate discharge for the first offense.
- In addition, any employee is required, as a condition of employment, to abide by this policy and inform the College within five days if convicted of drug violations in the workplace. Such convictions must be reported to any appropriate federal contractor or grantor within 10 days.
- As required by the federal government, the College will take one of the following actions within 30 days of receiving notice that an employee has been convicted under any criminal drug statute for a workplace violation:
  - Appropriate personnel action, up to and including termination, or
  - Require employee to participate satisfactorily in a drug abuse assistance or rehabilitation program.

This policy is instituted to comply with the Drug Free Schools and Communities Act of 1989 and the Drug-Free Workplace Act of 1988. This policy will be reviewed at least every two years and will be consistently enforced.

All members of the Juniata community – including faculty, staff and students – have the right to pursue their individual and collective goals in a healthy work and educational environment, one that is free from the effects of alcohol and substance abuse. Such abuse adversely affects the College's achievement of its mission and
is not condoned. Responsibility for problems of substance abuse resides with each member of the College community.

The College’s principal approach to issues of alcohol and substance abuse entails a wide range of education, prevention, and assistance activities conducted within its academic curricula; educational programs to inform individuals of the effects and consequences of using alcohol or other substances; and comprehensive counseling programs for faculty, staff and students. The College recognizes that alcohol and substance abuse are illnesses that are not resolved easily by personal effort, but may require professional assistance and treatment. Faculty, staff and students are encouraged to take advantage of the preventive, diagnostic, referral, and counseling services available through the College’s Wellness Center or College’s Employee Assistance Program (EAP). For more information, please contact the Office of Human Resources, Student Services, or EAP directly.

All members of the College community have a personal responsibility to adhere to all applicable laws, policies, and regulations concerning the use of alcohol or other drugs. These include federal and state laws, city ordinances, regulations governing conduct of classified employees, and College policy statements.

The College continues its commitment to cooperate with the local school systems, as well as other local, state, regional, and federal agencies, in addressing problems of substance abuse in its community.

EMPLOYMENT POLICIES AND PROCEDURES

Hiring Procedures

The College is an Equal Opportunity Employer. The College strives to recruit and hire qualified candidates, on the basis of experience, ability, potential and motivation to support the total program of the College and is committed to a selection process free of discrimination.

General methods of recruitment are:

- Position posting internally.
- Advertising through Higher Ed Jobs.com and/or other websites, Careerlink, professional periodicals and newspapers.

After all applications have been reviewed, interviews have been conducted, and references have been checked, the hiring supervisor presents his/her recommendation to the appropriate vice-president. The initial terms of employment will be determined at this time in consultation with the Director of Human Resources. The final decision to hire is made by the vice-president. A telephone offer is made to the successful candidate by the hiring supervisor before a letter of appointment is prepared. If the offer is orally accepted, the hiring supervisor will inform the vice-president, and will complete the Authorization for Letter of Employment form confirming the necessary details of employment to the Director of Human Resources.

More extensive checks may be completed for appropriate positions and may include verification of credentials, work experience, and other methods of background checks.

Letters of Employment

An official letter of employment is prepared by the Office of Human Resources for the President’s signature. This letter confirms the title, salary, starting date, and conditions of employment. The candidate is asked to indicate his/her acceptance of the offer of employment by signing and returning a copy of the letter to the Office of Human Resources within a specified time period.

Conditional Period

The first year of employment is considered the conditional period for Administrators. During this time the College and the employee have an opportunity to more fully evaluate each other. Prior to the completion of the first year, the supervisor will evaluate the employee’s job performance. The employee’s retention, continuation of conditional status, or termination of employment will be based on that evaluation.

Conditional status may be assigned to any employee whose performance does not continue to meet the required standards of his/her job. The length of such a conditional status period will be determined by the supervisor and/or Administrative Officer in consultation with Director of Human
Resources and will be confirmed in writing by the Administrative Officer with a copy to the personnel file.

The College reserves the right to terminate employment at any time due to unacceptable work performance.

**New Employee Orientation**

New employee orientation is organized by the Office of Human Resources. This orientation is intended to familiarize new employees with the tradition, mission, structure and operations of the College. It will also provide an overview of some of the College policies and procedures, as well as the benefits available to College employees. At this orientation, post-employment paperwork will be completed including payroll-related paperwork necessary to issue pay.

Orientation will continue on the job as more is learned about the job and expectations. This time provides the opportunity to become familiar with job responsibilities, department and co-workers.

The orientation and evaluation period also provides a key opportunity for the hiring supervisor to work closely with you to provide support, guidance, and performance feedback.

**Faculty and Staff Directory**

The Juniata website maintains an online directory that includes employee images and personal information. The information included is name, title, department, office telephone number, office and email address. Each employee has the option of including his or her home address and telephone number and is encouraged to do so. Upon hire, each employee is asked to designate what optional information is to be included by completing the directory form. Employees may change their information designation by contacting the Office of Human Resources. The Juniata website is a secure website and personal information is only accessible from persons who access the website from a Juniata address (intranet).

**Performance Evaluation**

The annual evaluation process is an opportunity for mutual goal setting, reinforcement, direction and communication. During the spring, each employee completes a self-evaluation. Their supervisor completes an evaluation and conducts a personal interview to cover the details of the evaluation. Accomplishments of annual goals are assessed and goals for the upcoming year are jointly planned. The evaluation is used as an integral part of the decision making process to administer annual salary increases. An accurately completed evaluation is also the basis for career development, advancement, or corrective action.

The employee’s signature on the form indicates that the evaluation was discussed with the employee, but does not indicate concurrence with the evaluation. Employees should address any issues with their evaluation with their supervisor.

The original review is maintained in the employee’s personnel file and copies maintained by the supervisor and employee.

**Reemployment**

Administrators who left the employment of the College voluntarily after a period of satisfactory service may reapply for employment when vacancies are announced. The length of vacation will be based on the date of reemployment for the initial year.

Former employees with three or more years of service with the College, who are reemployed by the College, are eligible immediately for the tuition grants for dependent children at the College.

The waiting period required for total disability insurance will be based on the date of reemployment unless the Administrator has been included in the disability policy at the College. A reemployed person with a TIAA/CREF annuity contract is eligible to participate immediately in the retirement program.
Nepotism

Persons related by family or marriage may be employed by the College, provided such individuals meet regular College employment standards and are the best, qualified candidate for the available position.

In the interest of safety, security, supervision and morale, no individual will be employed or transferred into a department under the supervision of an immediate relative who has or may have a direct effect on the individuals progress, performance, pay, or where the handling of confidential information could create an awkward situation and/or conflict of interest.

For the purposes of this policy, immediate relative is defined as spouse, parent, child, individual for whom the employee has been assigned legal guardianship, sibling, grandparent, grandchild, aunt, uncle, niece, nephew, and in-laws.

EMPLOYEE BENEFITS AND SERVICES

Mandated Benefits

Social Security
The Social Security Act of 1935 is the basic Federal social welfare legislation in the United States. During working years employees and their employers pay Social Security taxes which are placed in special trust funds. When earnings stop because the worker retires, dies, or becomes disabled, monthly cash benefits are paid to replace part of the earnings the worker’s family has lost. In compliance with the law, the College withholds the tax from each employee’s salary and matches it with an equal amount. Approximately six months prior to retirement, the employee should consult with the local Security office to make the necessary arrangements for retirement payments to begin, etc.

Workers’ Compensation
In compliance with the Pennsylvania Workers’ Compensation Act, the College is insured to provide disability and medical benefits to an employee who incurs a work-related injury or illness. Work-related injuries and illnesses should be reported at once to the employee’s immediate supervisor, and arrangements must be made immediately with a member of Human Resources to arrange to file the necessary claim forms.

A panel of physicians has been established for the treatment of work-related injuries and must be utilized in order to ensure payment of medical expenses.

Unemployment Compensation
The College is required to reimburse the state of Pennsylvania for all unemployment benefits and all costs of unemployment compensation, which the state pays to terminated employees who qualify for unemployment benefits.

COBRA
The Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) provides employees and dependents who are covered under the College’s group health plan the opportunity to continue group health care benefits in a number of situations. However, the employee/dependent(s) pay for these benefits if continuation of coverage is elected.

Specifically, if employment ends with the College (other than for gross misconduct) or if employment status changes making the employee ineligible for group health coverage, the employee and dependent(s) may elect to continue coverage at their own expense for up to 18 months. Coverage could continue for 29 months if the employment ends due to disability. At the time of termination or change of status, covered employees and spouses will be provided information about electing continuation coverage.

Also, spouse and dependent(s) may be able to continue group health coverage for up to 36 months if one of the following events occurs to a covered employee: death; divorce or legal separation; losing employer health benefits because covered employee has elected to participate in Medicare; or dependent child exceeds the maximum age for coverage as the employee’s dependent.
The employee or qualified beneficiary (spouse or child) is responsible for notifying the College of a divorce, legal separation or if a child is no longer eligible for dependent coverage within 60 days of the event.

Continuation of group health coverage under COBRA will end automatically if any of these events occur: failure by the eligible person to pay the required premium when due; eligible person becomes covered under another group health plan; eligible person becomes entitled to Medicare or if Medicare becomes effective after COBRA election; expiration of the continuation period; or end of the College providing group health care in the Office of Human Resources.

**College Provided Benefits**

The Director of Human Resources and the Benefits Coordinator administer the benefits programs available to regular, full-time Administrators. Coverage under these programs begins on the first day of the first full month of employment, except as otherwise noted below. Details of each program are provided to each participant at the time of initial appointment. Questions regarding specific claims should be addressed to the Benefits Coordinator. While the following summaries are intended to generally describe the nature of the coverage, copies of current descriptive booklets are available from the Benefits Coordinator. Specific actual benefits are identified in the respective booklets and policies and on the Human Resources web site.

**Medical Insurance**

All eligible employees are offered a Preferred Provider Organization (PPO) through Preferred Healthcare (PHS) Network. Benefits are paid at a higher level when a participating physician and/or facility render services. Services performed by a participating provider are paid at 100% minus any applicable co-pays (i.e. Office Visits - $10 co-pay, Emergency Room - $25 co-pay, etc.) Services performed by a non-participating provider are subject to a deductible ($300 Individual/$600 Family), then paid at 80% until the out-of-pocket maximum is met ($2,000 Individual/$4,000 Family). Please refer to your Employee Booklet for a complete explanation of medical benefits.

The College currently pays 90% of single coverage premium and is phasing increased employee contributions to be consistent with dependent coverage percentages. For persons electing dependent coverage, the employee will contribute 20% of the monthly dependent premium. These premiums can be contributed on a pre-tax basis through a Section 125 Premium Conversion Plan.

Open enrollment is conducted during November for the following January 1 effective date.

The policy includes coordination of benefits, which makes it the primary carrier for insured employees and secondary for spouses who are covered by another employer’s group insurance plan. This provision will not have an adverse effect on any private insurance any individual may carry.

Employees who choose to waive health plan participation can receive a $750 annual incentive upon receipt of proof of other non-Juniata health plan coverage. The incentive can be paid through payroll (taxed) or deposited into a Health Reimbursement Account (HRA) (non-taxed). HRA’s are similar to Flexible Savings Accounts (FSA).

**Long Term Disability Income Protection**

The College provides a long term disability income protection policy. Eligible employees will be covered after one year of employment, but those who have been included in a disability policy with the same carrier at their last place of employment will be covered on the first day of the first full month of employment. The plan provides the benefits described below, which begin on the first of the month following six consecutive months of total disability. Short term disability (sick leave) policy is covered under the section on “Leaves of Absence”.

A monthly income benefit which, including income benefits payable from Social Security and Workers’ Compensation, replaces 60% of the salary lost due to the disability. A monthly annuity premium benefit, for those participating in the College’s retirement program, will be made to the employee’s TIAA/CREF annuity for the duration of the disability. The carrier will initiate requests for medical statements, physical examinations, or other information required in the evaluation of each case, upon receipt of the application for benefits.
Vision Insurance
The College provides a Managed Vision Care Program through Vision Benefits of America (VBA) to eligible employees with the option of the employee purchasing coverage for the spouse and children. This service may be used once every 24 months for adults or 12 months for children. Most services through a participating provider are covered at 100%. Services through a non-participating provider are eligible for a limited reimbursement amount based on the service performed.

Basic Term Life Insurance
The College covers each eligible employee with $60,000 basic term life insurance.

Voluntary supplemental term insurance coverage is available on each eligible employee subject to the limitation that it is not to exceed five times the employee’s regular annual wages or $100,000 whichever is the lesser amount. Employees may elect to purchase coverage for their dependents based on a percentage of the supplemental coverage.

For eligible employees age 65, but less than 70, the basic term life and voluntary supplemental term life coverage will be reduced to 65% of their respective base amounts.

Accidental Death & Dismemberment
The College covers each eligible employee with $60,000 accidental death and dismemberment insurance under a double indemnity feature included in the basic term life insurance described above.

Business Travel Life Insurance
The College covers each eligible employee with business travel insurance in the amount of $100,000 and provide travel emergency assistance coverage.

Voluntary Supplemental Benefit Programs
A cafeteria-style benefits program from which employees may choose to select supplemental coverage through either Colonial Life & Accident Insurance or AFLAC.

Short Term Disability Income Protection
Voluntary short term disability income protection insurance is available. This policy is portable, so you may take your policy with you if you leave employment at the College. The purpose of this policy is to replace a portion of your income if you become unable to work because of a covered illness or injury.

Dental Insurance
Eligible employees may purchase voluntary dental insurance. Employees have the option of three different levels of coverage. More information is available through the Office of Human Resources.

Cancer Insurance
Voluntary cancer insurance coverage is offered. This plan offers a wellness benefits, initial diagnosis benefits, inpatient benefits, surgical procedures benefits, treatment benefits, extended care benefits, and transportation/lodging benefits. Under this plan you receive money for covered benefits. This policy is portable, so you may take your policy with you if you leave employment at the College.

Life Insurance

Universal Life Policy
The College offers a Universal Life Insurance policy for eligible employees. This policy is portable, so you may take your policy with you if you leave employment at the College. This policy offers the flexibility to increase or decrease the face amount and to change the premium payments. The premiums will not increase because you get older and premiums paid on the policy build cash value. You are guaranteed an interest rate of at least four percent.

You may purchase individual Universal Life policies for your spouse and children or add a term life policy rider on to your own policy. With your policy you have the option of adding additional benefit riders, such as: accelerated death benefit rider, accidental death benefit, additional coverage term rider, guaranteed purchase option and waiver of monthly deduction if you become disabled.
Whole Life Policy
The College offers a Whole Life Insurance policy for eligible employees. This policy is portable, so you may take your policy with you if you leave employment at the College. This policy is paid in full at the age of 65. The premiums will not increase because you get older and premiums paid on the policy build cash value. The interest rate on this policy is always at four percent.

You may purchase individual Whole Life policies for your spouse and children or add a term life policy rider on to your own policy. With your policy you have the option of adding additional benefit riders, such as: accelerated death benefit rider, accidental death benefit, additional coverage term rider, guaranteed purchase option and waiver of monthly deduction if you become disabled.

Term Life Policies
The College also offers a Level Term Life insurance policy for eligible. This policy is portable, so you may take your policy with you if you leave employment at the College. The premiums under this policy will remain level for up to two consecutive 10-year periods, depending on your age and the amount of coverage you choose, and will then increase annually. The policy is renewable up to age 95. With the living (accelerated) benefit option you can request a portion of the face value of your policy's death benefit should you be diagnosed with a terminal illness. You may purchase a term life policy or add a rider to your own policy, and you may also purchase a rider to cover your children.

Accident Insurance
Eligible employees are offered accident insurance. The basic tier of insurance is for injury and dismemberment. For various injuries, from broken bones or dislocations to loss of limbs, you receive a cash benefit. This policy is portable, so you may take your policy with you if you leave employment at the College.

When electing this coverage you have the option of adding the Hospital and Services and Accidental Death benefits. Hospital and Services benefit will help you deal with the bills and expenses related to an accident. Benefits include: air ambulance, ambulance, appliance, blood/plasma/platelets, doctor's office, emergency room treatment, hospital admission, hospital confinement, physical therapy, and x-rays.

Flexible Spending Accounts
Flexible spending accounts are offered from Ameriflex for eligible employees. This benefit qualifies for Section 125, a pretax deduction from your paycheck. For this benefit you elect to have a specified amount of pretax money deducted from your paycheck each pay period. This money is set aside in a reimbursement account. You either use your debit card for qualifying expenses or submit a receipt for a qualifying expense to be reimbursed from this account. These accounts have a “use it or lose it rule.” If you do not use all the money contributed to the flexible spending accounts, you will lose any remaining balance at the end of the year.

Health Care
The health care flexible spending account may be used to pay health care expenses that are not covered under any other plan. Qualified expenses include: deductibles and other payments you make under your medical plan, charges that are not covered by your medical plan (dental care, glasses, special medical equipment, etc).

Dependent Care
The U.S. Congress has set maximum allowable contributions for dependent care expenses. They are $5,000 for married couples filing jointly and for single parents and $2,500 for a married person filing separately. Expenses must meet qualifications, please refer to your benefits package for information.

If you participate in this plan, you cannot claim credits on your income tax return for the same expenses. Also, amounts reimbursed under this plan will reduce the amount of other dependent care expenses that you can claim for purposes of tax credits. It is important to evaluate whether or not taking federal income tax credit will save you more money than a dependent care flexible spending account.
Tuition Grants/Exchange Benefit

Employees and Dependents Eligibility
Full-time employees, spouses, and dependent, unmarried, natural born and step children or legally adopted children of full-time employees of the College shall be eligible for educational assistance programs as listed below. For purposes of this policy, a dependent child is defined as one who is claimed on the current IRS form as a dependent. A copy of the current form may be required. Some programs have specific eligibility requirements, which are listed with the program description.

Dependents of deceased employees, who would have satisfied all other criteria and who had been employed at Juniata for ten years or more, are eligible for the College grants.

Dependents (as previously defined) of retired employees, who would have satisfied all other criteria and who had been employed at Juniata for ten years or more and reached age 55 at the time of retirement, are eligible for the Juniata tuition benefit. Dependents (as previously defined) of employees who become disabled, are receiving long term disability and have 10 years of service with Juniata are eligible to receive the Juniata tuition benefit.

Regular registration procedures must be followed and the student must meet the College’s admission requirements. Good academic standing must be maintained for the continuation of the grant. Some restrictions and limitations apply.

Tuition Grants for Dependents
According to the following schedule, tuition grants to attend the College on a full-time basis are available for eligible dependents.

<table>
<thead>
<tr>
<th>Consecutive Years of Employment Completed</th>
<th>Amount of Grant</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>1/3 non-resident general fee less $100</td>
</tr>
<tr>
<td>2</td>
<td>2/3 non-resident general fee less $100</td>
</tr>
<tr>
<td>3</td>
<td>Non-resident general fee less $100</td>
</tr>
</tbody>
</table>

The consecutive employment requirement is waived for spouses of employees and for dependents taking courses as part-time students.

Dependents who are not matriculated as full-time students may take two courses per semester during the regular session, summer session, or continuing education courses without tuition charge on a space available basis. Prior employment in higher education institution may count towards the consecutive years of employment. To be eligible for this benefit, prospective students must meet admission requirements.

Tuition Exchange Programs
Scholarships through the Tuition Exchange program, the Brethren Colleges Exchange program are available to eligible dependent children of employees who have completed one year of service to Juniata College.

Tuition Grants for Employees
Employees may take one course per semester or summer session without tuition charge on a space available basis.

Employees must have the approval of their supervisor and the Director of Human Resources in order to take courses during working hours. Working time must be made up unless the course is “job related” as documented by the immediate supervisor to the Director of Human Resources.

Tuition Grants for Early Childhood Education Center
Grants for one-half tuition are available for eligible dependents to attend the Early Childhood Education Center. For purposes of this grant, a dependent child is defined as one who is claimed on the employee’s current IRS dependency form or one of whom the employee has full or shared custody.
**Tuition Grants for Retirees**

Retirees of the College and their spouses are eligible to take one course per semester, summer session, or a continuing education course without tuition charge on a space available basis.

**Qualifications**

- Regular registration procedures must be followed and the student must meet admission requirements.
- Good academic standing as defined in the College catalog must be maintained for continuation of the grant.

**Restrictions/Limitations**

- All tuition grants, whether exchange, Juniata College grants, or a combination, are available for a maximum of four regular academic years’ matriculation up to a maximum of 128 attempted credit hours.
- Tuition grant/tuition exchange scholarships are not available for study abroad programs or other non-College courses of study. Financial aid and actual study abroad tuition costs will be applied.
- Grants apply exclusively to tuition charges. They do not apply to other fees such as laboratory, matriculation, etc.
- Application may be made for non-College aid through the Office of Student Financial Planning. However, any combination of employee tuition grants and other College awards cannot exceed tuition.
- Tuition grants are not available for Credit by Exam, Independent Studies or private lessons in music.
- Employees and dependents will not be counted as paying students for the purpose of determining whether or not a course has a sufficient number of students for the course to be offered.
- There is no guarantee that there are tuition exchange placement positions available in any given academic year, either from the point of view of the importing (host) institution or from the point of view of the number of export positions for which the College qualifies. In the event that the College is eligible for a limited number of exports, the awarding of scholarships shall be determined yearly on the basis of employee seniority.
- Under Tuition Exchange program, a family will ordinarily be limited to a maximum of four years participation in an exchange program during a year that the College is under export restrictions. Families who have already received four or more years of benefits will be given last priority, independent of seniority. This limitation does not apply to all exchange programs.
  - Tuition grants do not apply to spouses or children of visiting professors or to one-year replacements of regular faculty on leave.

Appeals from dependents of employees may be made to the Director of Human Resources for consideration of special circumstances regarding time (credit) limits and academic standing.

**Procedures**

- Information about all educational assistance programs, as well as lists of participating exchange institutions, is available from the Administrative Manager, Finance & Operations or the Director of Human Resources, who jointly administer the programs.
- The employee should notify the Administrative Manager, Finance & Operations or the Director of Human Resources by November 1 of the student’s intention to matriculate at the College or elsewhere in the immediately following academic year.
- For employees and dependents attending Juniata College, the grant will be applied to the student account upon submission of the employee’s tuition grant request form to the Office of Human Resources prior to the beginning of the semester. If this form is not completed, the student will be billed for the tuition.
- Applications for exchange scholarships should be submitted to the Administrative Manager, Finance & Operations or the Director of Human Resources no later than November 1 of the year preceding expected enrollment. Persons who miss the November 1 deadline will receive last consideration for exchange scholarships regardless of seniority.
- The final decision on the awarding of exchange scholarships during a year of limitations is made by the Director of Human Resources in consultation with the President.
Retirement Programs

The retirement programs available to regular, full-time Administrators are administered by the Vice President of Finance and Operations and the Director of Human Resources. The normal retirement age for employees at the College is 65. While the following summaries briefly describe the various programs, their actual terms - including all special conditions and limitations - are stated in the retirement documents.

Regular Retirement Plan
The College provides a retirement plan through the Teachers Insurance and Annuity Association (TIAA), and the College Retirement Equities Fund (CREF). Eligible employees must participate in the TIAA/CREF plan after one year of service at the College. A person bringing a TIAA/CREF contract from their last place of employment is eligible to participate immediately. The individual contributes 2% of their regular salary, which is deducted from the payroll check, and the College contributes 10%. Any participant leaving the College retains full equity in their policy, and may continue contributions thereafter on a personal basis. Each individual participating in TIAA/CREF is responsible for determining the percentage allocation between TIAA and CREF; this allocation may be changed at any time. The 2% employee contribution may be made on a tax deferred basis. Employees can elect to make additional contributions up to the annual IRS maximum. The Office of Human Resources regularly schedules visits from TIAA/CREF consultants for group educational sessions and individual consultations.

Tax-Deferred Annuity
In addition to the regular retirement program described above, it is possible for eligible employees to contribute to an annuity contract known as a Supplemental Retirement Annuity (SRA). The SRA is especially designed for use by persons who want to set aside tax-deferred retirement funds over and above amounts being accumulated under the mandatory retirement plan. The amount contributed to an SRA and other tax-deferred annuities described above must not exceed the limitations set by the Internal Revenue Code. The SRA allows for different flexibility than the College annuity, such as the ability to make loans against the account and make early withdrawals while still employed. The Director of Human Resources will provide information about contribution limitations upon request. SRA’s are fully-owned by the participant and are subject to the same death benefit options as the regular plan, but there is a higher expense charge because of the cost of administering their additional features.

All salary reduction amounts are subject to state and local taxation.

Phased Retirement
In order to maintain quality productivity as well as to provide some flexibility for staff desiring an early retirement, the College makes available a “phased” retirement plan.

Phased retirement provides the possibility for full-time employees 55 years or older with ten years of service to have reduced workloads with continuation of medical and life insurance benefits, if currently eligible for post-retirement benefits. The applicable premiums will be determined by the “Guidelines for Retirees Insurance.” Full-time employees wishing to take phased retirement may do so under the following circumstances:

- At least six months or more prior to the contemplated phased retirement the employee should submit in writing a request for phased retirement to the related Vice President.
- After consultation with the President and the related department supervisor(s) to determine feasibility, the Vice President will communicate his/her decision in writing to the employee.
- Salary will be determined by the President in consultation with the Vice President and the Director of Human Resources.
- If part-time employment is mutually agreeable to the College and the employee, the College will issue a term employment letter upon receipt of the employee’s letter of retirement. This letter will outline the number of hours the employee will work; the specific job assignments will be determined by the Vice President and respective supervisor(s). The phased retirement will be for a fixed term, renewable only upon the mutual agreement of both the employee and the College.
- During the term of the phased retirement, the employee will continue to receive bookstore discounts, complimentary tickets to sports events and lectures (when applicable), discounts for the Artist Series comparable to those offered to continuing full-time employees.
The benefits program which is available to retirees will be applicable to persons in the phased retirement program. In addition, the College will continue contributions to the individual’s retirement plan if the individual contributes his/her share during the term of the phased retirement agreement.

Supplementary Insurance Benefits
At the present time, the College provides retiree health care benefits as described below to those individuals with grandfathered eligibility. However, the College retains the right to amend or terminate these plans at any time and persons hired on or after January 1, 1997 are not eligible for the benefit.

Retired, full-time Administrators who are at least 55 years of age and have completed 10 years of service are eligible to continue the Medical Care Plan and at age 65, a group Medicare supplement. The premium will be shared between the participant and the College, based on years of service. At retirement, the basic life insurance is reduced to $3,000 and supplemental life insurance, for participating employees, is reduced to $3,000. All persons are strongly encouraged to participate in Part B of Medicare (Part A is automatic) when they are eligible to do so.

Leaves

Vacation

Full-time members of the Administration are eligible to receive vacation.

First Year of Employment
During the initial calendar year of employment employees are eligible to receive vacation according to the following schedule:

<table>
<thead>
<tr>
<th>Employment Date</th>
<th>No. of Days</th>
<th>Available</th>
</tr>
</thead>
<tbody>
<tr>
<td>Jan 1 - Mar 31</td>
<td>15</td>
<td>Apr 1 - Dec 31</td>
</tr>
<tr>
<td>Apr 1 - Jun 30</td>
<td>10</td>
<td>Jul 1 - Dec 31</td>
</tr>
<tr>
<td>Jul 1 - Sep 30</td>
<td>5</td>
<td>Oct 1 - Dec 31</td>
</tr>
<tr>
<td>Oct 1 - Dec 31</td>
<td>0</td>
<td></td>
</tr>
</tbody>
</table>

Subsequent Years of Employment
As of January 1, each year thereafter, the employee is eligible to receive 20 days vacation after one day is worked in the calendar year, except in year of separation

No Vacation Carry-Over
All vacation must be used within the calendar year. Administrators cannot choose to receive pay in lieu of vacation benefits except in case of termination.

Minimum Periods of Vacation
Employees are encouraged to take vacation in minimum periods of not less than one week. Every effort is made to give the employee the vacation s/he requests, consistent with the operational needs of the College. Vacation requests should be submitted to the supervisor at least two weeks prior to the date(s) requested.

Holiday in Lieu of Vacation
When a College scheduled holiday(s) falls within an employee’s approved paid vacation period, the holiday(s) is not counted as a vacation day.

Vacation Eligibility Following Extended Absence
In the event an employee is absent more than three months due to sickness or an approved leave within a given calendar year, the employee is eligible for full vacation in the year in which the absence begins.

In the year following an absence of more than three months, the vacation for which the employee is eligible is determined on a pro rata basis of the portion of the previous year worked, provided the employee works at least three months in the year following the absence. See schedule below:
Time Worked | Vacation Benefit
---|---
Previous Year | Current Year
9 months or more | 3/4
6 months but less than 9 | 1/2
3 months but less than 6 | 1/4

*Separation from Employment*

In the case of resignation, one month’s written notice prior to the termination of active service is required in order for the employee to receive the vacation benefit. Paid vacation days will be based on the following schedule:

| Separation Date | Vacation Benefit |
---|---|
Jan. 1 - Mar. 31 | 1/4 |
Apr. 1 - Jun 30 | 1/2 |
Jul. 1 - Sep 30 | 3/4 |
After Sep 30 | Full vacation |

If the employee has previously been paid for more vacation than is available based on the above schedule, an adjustment will be made in the final paycheck. If the employee is eligible for additional vacation pay, that payment will be included in the final paycheck.

*Sick Leave*

After an absence due to illness has exceeded five (5) working days, a doctor’s statement is required which verifies the employee is able to return to work. The College reserves the right to request the certification of illness by a physician of the College’s choice.

All absences must be reported directly to the immediate supervisor or their designee.

Full-time members of the Administration are eligible to receive sick leave based on the time of continuous service.

*First Year of Employment*

During the initial calendar year of employment, employees are eligible to receive sick leave according to the following schedule:

| Employment Date | No. of Days | Available |
---|---|---|
Jan. 1 - Mar 31 | 15 | Apr 1 - Dec 31 |
Apr 1 - Jun 30 | 10 | Jul 1 - Dec 31 |
Jul 1 - Sep 30 | 5 | Oct 1 - Dec 31 |
Oct 1 - Dec 31 | 0 | |

*Subsequent Years of Employment*

During subsequent years of employment, the employee will be eligible for sick leave according to the years of service completed during that calendar year provided the employee works at least one day in that calendar year. Sick leave begins after an employee has been absent for five consecutive days.

| Years of Service Completed | Full Salary | 85% Salary |
---|---|---|
1 year | 1 month | 1 month |
2 years | 1 month | 2 months |
3 years | 1 month | 3 months |
4 years | 1 month | 4 months |
5 years | 1 month | 5 months |
6 to 10 years | 3 months | 3 months |
10 years or more | 6 months | 0 months |

Following six (6) months of continuous absence due to illness, employees may apply for long term disability benefits.
**Vacation in Lieu of Sick Leave**

An employee may elect to take any earned vacation in lieu of sick leave payments. Vacation in lieu of sick pay will not affect the requirement of six months disability in order to be eligible for total disability benefits, provided other plan provisions are satisfied. All unused earned vacation must be taken before sick leave without pay will be granted.

**Reinstatement of Sick Leave**

A portion of sick leave benefits will be reinstated as of January 1 following an illness. The reinstatement will be pro rated on the basis of the actual time worked in the previous calendar year beginning on the first day the employee returns to work. As of January 1 in each succeeding year, sick leave equivalent to one month at the appropriate percent of salary (based on years of service) will be reinstated until the employee has again reached his/her maximum accumulation based on years of service.

**Recording Sick Leave**

Each administrator should record sick days (and all time off) on a card which must be initialed by the employee and the supervisor at the end of each month. At the end of the calendar year or upon termination of employment, the completed card is submitted to the Office of Human Resources to be filed in the appropriate personnel file.

**Coordination of Benefits**

Sick leave compensation is reduced by the amount of any payments received from Social Security and/or Workers’ Compensation.

**Job Security during Sick Leave**

The College will hold an employee’s specific job open during paid sick leave or six months whichever is less. Depending on the needs of the department, temporary assistance may be provided during the employee’s absence.

**Family Care (FMLA)**

In the event of particular circumstances that are critical to the life of a family, full-time employees are eligible to apply for up to twelve weeks of unpaid family and/or medical leave within a twelve-month period. Employees are eligible if they have worked for the College for at least one year and for 1,250 hours over the previous 12 months.

The leave may be granted in any of the following circumstances:

- Birth of the employee’s child
- Placement of a child with the employee for adoption or foster care
- Serious health condition prohibiting the employee from performing their job
- Serious health condition of the employee’s spouse, child or parent (if to care for them)
- Family member is on active duty, has been called to active duty, or has been injured in the line of duty

Employee must give at least thirty (30) days notice prior to leave. If the qualifying event or condition does not permit thirty (30) days, notice must be given as soon as possible. If the qualifying condition is health related, the employee must reasonably attempt to schedule medical treatment to minimize disruption to the operation of the department.

The leave is limited to a maximum of twelve (12) weeks, including any paid vacation and/or sick leave. All unused earned vacation must be taken before a leave without pay will be granted. Spouses who are both employed by the College are limited to a total of twelve (12) workweeks of leave during any twelve-month period unless the leave is granted for their own illness or the serious illness of a child.

Employees will not be paid for sick leave except as available through normal sick leave provisions. Twenty-six (26) weeks can be taken in a single twelve (12) month period. In order to qualify for leave for a serious health condition, a doctor’s statement is required providing the following information:

- Certification that the employee is unable to perform the essential job functions
- Start date of the condition
- The likely length of the condition
• The appropriate medical information known to the health care provider regarding the condition. (Forms are available from the Office of Human Resources)

If the leave is requested for health care of a relative of the employee, the employee must provide an estimate of the amount of time needed to care for the relative and required medical documentation.

Family leave, in case of illness, may be taken by the hour, day, week or twelve week period. Leave can also be taken in the form of reduced workweek hours.

The employee is entitled to return to the same or equivalent position with equivalent pay, benefits and other terms and conditions of employment. Seniority will continue to accrue.

Benefits will continue during any period of approved leave as follows:

• The College will continue to pay its portion of the health insurance premium for an employee on an approved leave, providing the employee pays their portion during that period. Payment is required at the same time as the contributions would have been due if paid by payroll deduction.
• All other benefits will be continued during the approved leave in the same manner as usual.

If the employee does not return from leave for reason other than health condition or reasons beyond the employee’s control, the employee must reimburse the College for College premiums paid to maintain coverage during the leave.

Holiday Leave
All full-time members of the Administration are eligible to receive pay for scheduled holidays. The holiday schedule is established by the President’s Cabinet for each calendar year, and is posted to the Human Resources web site and Human Resources Public Folder. The number of holidays each year will vary slightly according to the days of the week on which some traditional holidays fall. The College reserves the right to amend the holiday schedule according to the demands of the College.

The employee’s birthday is considered a personal day and may be taken, with supervisory approval, any time within the pay period that the birthday falls.

Normally, Administrators are not asked to work during scheduled holidays, but certain operational requirements may require them to do so. When it is necessary for an Administrator to work on a holiday, s/he shall take a “substitute holiday”. The substitute holiday must be scheduled and approved by the appropriate Vice President. Any employee on leave without pay will not receive pay for holidays that occur during the leave.

An Administrator may arrange for time off without pay in observance of religious holidays, or may deduct these days from unused vacation time.

Professional Leave
Professional leaves without pay may be requested for study or training experiences which are job-related. Requests for professional leave should be submitted in writing detailing the developmental purpose of the leave to the supervisor. A decision will be made by the immediate supervisor and the Director of Human Resources in consultation with the Vice President. If the leave is approved, written approval from the Director of Human Resources will be sent to the employee with a copy for the personnel file. Professional leaves with pay are available to administrators who serve as cabinet members for six years and have ten years service with the College.

Other Leaves

Personal Leave
Individual requests for personal leaves without pay will be evaluated on a case-by-case basis. All requests for personal leave without pay must be submitted in writing to the supervisor who, in conjunction with the Director of Human Resources and/or appropriate Vice President, will make the decision on the disposition of the request. All unused earned vacation must be taken before a leave without pay will be granted.
Bereavement Leave
In the event a death occurs in the immediate family of a full-time Administrator, a four-day leave with pay will be granted. The immediate family shall consist of the spouse, child, stepchild, brother or sister, in-laws, grandchild, grandparent or any individual who has acted as your parent or guardian. The College will place a book in the Beeghly Library dedicated to the memory of the deceased immediate family member.

An employee shall be entitled to one-day leave with pay when death occurs among the employee’s close relatives. Close relatives shall consist of aunt, uncle, son-in-law or daughter-in-law, brother-in-law or sister-in-law (of the present spouse), niece or nephew.

Bereavement leave, for other than mentioned here, may be granted in the event of the death of other persons if approved by the supervisor without pay. Requests for additional bereavement time off may be approved by the immediate supervisor in consultation with the Director of Human Resources.

Jury/Witness Duty
When a full-time Administrator is called for jury duty or subpoenaed as a witness, the College will pay the employee’s regular pay upon presentation of a statement from the Court Administrator’s Office. It is not applicable to private suits where the employee is the plaintiff, defendant or witness.

Military Service
A military leave without pay for limited field training will be granted to full-time Administrators who are members of the National Guard or other components of the Armed Services. The length of such field service is not to exceed the standards established by governmental agencies. Normally such leave does not exceed ten (10) working days per year. The College complies with all regulations and requirements regarding military service.

Emergency Leave
Emergency leave will be granted when absolutely necessary. Emergency leave will be counted as sick leave, vacation, or as personal leave without pay depending on circumstances. If an employee is unable to get to work because of inclement weather, the time will be charged to vacation or deducted from the employee’s pay at the employee’s option unless the College is officially closed.

Employee Assistance Program

General
The College has established an Employee Assistance Program (EAP) for all full-time employees. The EAP is a confidential and voluntary program of consultation, problem assessment, and referral for a variety of challenges that may interfere with job performance or work relationships.

The EAP was established because of the College’s continuing interest in the well being of its employees and their job performance. The EAP’s goal is to direct employees to services that will assist them in successfully dealing with their problems and in promoting their professional and occupational opportunities.

The College EAP provides assistance for a wide range of solutions including, but not limited to, the following:

- Alcohol and drug misuse and dependency
- Stress and emotional disturbances
- Marital and family issues
- Depression and grief
- Critical incident debriefing
- Workplace mediation

Personnel actions are entirely separate from the EAP, and supervisors will base personnel actions solely on job performance. A supervisor, after consultation with the Director of Human Resources, may advise an employee to visit the EAP, but will not attempt to diagnose or assess personal difficulties that may contribute to poor job performance.
Confidentiality
The employee's right to privacy is the most critical aspect of the College EAP. All services are provided on a strictly confidential basis. No information is released without the employee's signed consent.

Costs
Information is free of charge through the service provider REACH. The initial assessment and two counseling sessions (total of three sessions) with the assessment provider are free of charge. If extended counseling is required, employees will be referred to appropriate resources. Psychological services are partially covered by College employee health benefit program. Costs incurred for services not covered by insurance or other benefits are the responsibility of the employee. An effort will be made to make a referral within the individual's financial means.

Utilization
Information and access to the College EAP services can be obtained through the Office of Human Resources or directly from the provider. The College EAP services are provided by Reach, in conjunction with J.C. Blair Hospital. They can be accessed at their toll-free number 1-800-950-3434.

Supplemental Benefits
In addition to the benefits listed elsewhere in this Manual, Administrators are eligible for a number of supplemental benefits as well. Additional items include:

- Complimentary general admission tickets for most athletic and cultural events held on campus;
- Bookstore discounts of ten percent on merchandise except for textbooks;
- All employees and retirees, their spouses/partners and dependent children (up to age 21) have use of Beeghly Library, Brumbaugh Fitness Center, Kennedy Sports and Rec Center and other College facilities. Family members must be registered with the Athletic Department for facility access.

There are events of all types that faculty and staff members, retirees and their families are invited to and encouraged to attend, such as lectures, artist series, art/museum exhibitions and other events. The College also holds several campus-wide events to which Administrators are invited. These events are offered at no charge to employees and include functions such as Founder’s Day Tea (for employees with 10 or more years of service), Campusfest in August; Trustee Dinner in the spring, and a holiday luncheon in December.

GENERAL ADMINISTRATIVE PERSONNEL POLICIES

Payroll Matters

Hours of Work
The normal working hours for Administrative Offices are 8:30 a.m. to 5:00 p.m., Monday through Friday. The Admissions Office is routinely open on Saturday mornings, and the work schedules are developed by the supervisor.

Beginning the first workday following Commencement and ending one week before the opening of the Fall Semester, the administrative offices are open from 8:00 a.m. to 4:00 p.m. Again, special arrangements for Saturday hours may be made in some departments.

Administrative personnel are considered “exempt” employees under the Federal Wage and Hour Law for overtime provisions. The term exempt employee is defined as “executive, administrative and professional” employees who are not subject to the minimum wage and overtime pay provision of the Fair Labor Standards Act (FLSA).

Though administrators are normally defined as non-faculty salaried employees, some teach classes and serve as academic advisers. Administrators who teach are not considered adjunct faculty for purposes of compensation.

Administrators, by the nature of their duties and compensation, are exempt from the wage and hour provisions established by the Fair Labor Standards Act (FLSA), including those concerning overtime pay. Exempt employees may schedule their own compensatory time off, subject to supervisory
approval, in reasonable compensation for extra hours required by special projects which come along on top of their normal workload.

Compensatory time should be taken within one to two months of accumulation.

Payroll Dates/Deductions/Reductions
Administrators are paid monthly, on the last business day of the month. Employees are encouraged to elect direct deposit or receive a paycheck through intracollege mail or through U.S. mail.

All Administrators are required to authorize various payroll deductions for taxes at the time of their employment. In addition, payroll deductions are made for the employee’s share of the costs involved in the fringe benefit programs. Employee participation and benefits under these programs are explained in more detail in Section III.

Payroll deductions are also available for the convenience of the employee in making contributions to the College and the United Way of Huntingdon County.

Pay changes normally go into effect at the beginning of each fiscal year, June 1. Compensation rates are reviewed annually for equity. The Vice President makes salary recommendations to the President based on job performance, cost of living changes, and available College funding. No other increases are normally granted during the year except to allow for promotion.

Personal Data /Status Changes
It is the responsibility of each employee to notify the Office of Human Resources promptly of any changes in personal data or status. Name changes, personal mailing addresses, telephone numbers, marriage, divorce, birth, adoption, a dependent child losing dependent status, individuals to contact in the event of an emergency, educational accomplishments and other such status reports should be accurate and current at all times. If any of your personal information has changed, notify the Office of Human Resources in writing.

Salary Advances
It is the policy of the College that no salary advances will be made to employees except in cases of emergency or extreme hardship over which the employee has no control, or for a new employee during the first month of employment. All requests for salary advances must be made directly to the Vice-President for Finance and Operations who will determine the disposition of the request. In the event a salary advance is made, the employee will be required to sign an authorization to have the advance deducted from his/her future paycheck(s).

Travel Expense Policy
For information in regards to traveling on College business, please refer to the Travel Expense Policy located in the Accounting Office public folder.

Professional Concerns

Staff Development
The goal of the Juniata Staff Development System is to provide learning opportunities to employees to address six main areas: professional development, communication, safety, wellness, technology and compliance. Primarily the program gives employees the tools to make continuous improvements in their performance and to fulfill their annual objectives. The program serves to inform employees of new ideas and techniques and to assist the College in educating its employees on the relevant regulations governing the workplace.

The College provides opportunities for administrators to participate in meetings of professional associations and conferences, workshops and seminars. With the approval of the supervisor, staff may be given time off with pay to participate in educational opportunities and professional events that will enhance their effectiveness as an administrator at the College.

Additionally, the College provides learning opportunities at the Solutions Center for advancement in technology skills. The Office of Human Resources sponsors periodic offerings addressing the six main areas.

Promotions and Transfers
The College recognizes the value of its dedicated staff, and will strive to provide the opportunity for promotion and greater professional fulfillment. Whenever possible, the College will endeavor to promote qualified employees based on the employee’s competence as demonstrated in his/her current position, and potential for growth and development in the advanced position.

Transfers are permitted when in the best interest of the College. Transfers must be approved by all supervisors involved, the Director of Human Resources and the President.

**Termination/Separation**

All employees leaving the employment of the College should submit a written notice of resignation to their supervisor and the Office of Human Resources. A letter detailing their rights and responsibilities will be sent to the departing employee. All College keys must be returned to the Facilities Services Office and College ID cards returned to the Office of Human Resources on the last day of employment so the employee’s final paycheck can be released when issued. Supervisors are responsible for collecting all College issued equipment such as lap tops, cell phones, pagers, p-card, etc. Access to computer services and voice mail are terminated on the last day of employment and computer files are transferred to the immediate supervisor.

**Retirement**

The normal retirement age at the College is 65. An employee should notify his/her supervisor in writing at least one month in advance of the expected date of retirement, with a copy to the Director of Human Resources. Persons planning to retire are encouraged to contact the Office of Social Security approximately six months prior to retirement to make the necessary arrangements for retirement payments to begin, etc. In addition, the employee should consult the Office of Human Resources to discuss retirement transition benefits.

**Resignation**

If an employee wishes to resign from his/her position at the College, a written notice should be presented to the supervisor, with a copy to the Director of Human Resources, at least one month prior to his/her last working day.

**Involuntary Termination of Employment**

Unfortunately, the College may find itself in a position of having to discharge a person for cause (e.g. unsatisfactory job performance, dishonesty, breach of confidence, etc.); or to layoff a person due to lack of work, lack of funding, changes in work patterns, etc. When dismissal for cause is necessitated by continued infraction of College policies and practices, the dismissal will normally be preceded by disciplinary procedures; the College reserves the right to discharge an employee without prior notice when the infraction is singularly serious.

In the case of a layoff, the employee should contact the nearest office of the Bureau of Employment Security to register for work elsewhere, and to file a claim for unemployment benefits. If and when work becomes available within one year, for which the laid-off former employee is qualified, s/he will be recalled according to years of service at the College.

**References for Former Employees**

All requests for references on former College employees must be processed through the Office of Human Resources. Unless specifically prohibited by the employee, the Office of Human Resources will generally respond and provide the following information: confirm dates of employment, position(s) held, and whether an employee is eligible for rehire. Requests for information or references of a more specific nature should be accompanied by a signed release from the former employee.

**Supplemental Employment**

Supplemental employment is at the discretion of the employee as long as employment outside the College has no effect on job performance, or availability of the employee to provide the necessary time required for the position at the College. If extra employment is considered, the employee should discuss the matter with the supervisor.

**Supervisory Responsibilities**
Administrators may have supervisory responsibilities for exempt and non-exempt personnel. Supporting Staff "non-exempt" personnel are subject to the hours of work and overtime pay provisions of the Fair Labor Standards Act, and are required to complete time sheets or punch a time clock as directed.

As supervisors, administrators are expected to select well qualified personnel for vacancies within their departments. They are responsible for preparing job descriptions, training/developing staff, evaluating employees, maintaining accurate time sheet records, and interpreting and administering College policies in cooperation with the Office of Human Resources.

**Personnel Records**

All personnel records are filed in the Office of Human Resources and shall be available only to the President, the Director of Human Resources, the supervisory Vice President, the immediate supervisor of the employee, and the employee.

The personnel records include application for employment, wage and salary information, notices of commendations, warnings of disciplinary actions, leave records, employment history, attendance records, performance evaluations and retirement records.

The employee shall be permitted to inspect his/her personnel file at least once a year under the following conditions:

- The employee requests an appointment to review the file.
- The employee will review the file during business hours of the Office of Human Resources.
- The employee may not remove the file or any part thereof from the Office of Human Resources.
- The file is inspected in the presence of the designated official.
- The employee is permitted to take notes.

All non-College requests for personnel-related information should be directed to the Office of Human Resources. No confidential information will be released unless a signed employee consent form, specifically authorizing the release of the requested information, accompanies the request or is provided by the employee.

**Conflict Resolution**

Serious disputes between members of the College community, or individual members of that community and the College administration, are unusual and infrequent. In most cases, disagreements, misunderstandings, and problems can be resolved to the satisfaction of those involved through an informal process of discussion or negotiation. However, in those few instances when such a process proves inadequate or inappropriate, it may be necessary to resolve the matter through workplace mediation conducted by external facilitators. Such a procedure will be available only after every effort has been made to resolve the dispute through an administration-supervised process of discussion and negotiation.

Any member of the College community may request a workplace mediation to resolve a serious dispute. The request must be in writing, and include a concise statement of the nature of the dispute. The request should be directed to the appropriate Vice President of the College, or alternatively, to the Director of Human Resources, who will refer the request to one of the Vice Presidents.

**General College Policies and Services**

**Non-Disclosure and Confidentiality**

The protection of confidential information is vital to the interests and the success of Juniata and its employees. Employees who improperly use or disclose confidential information will be subject to corrective action up to and including termination of employment. All employees must be aware of the privacy rights of students as mandated by FERPA and of the privacy rights of fellow employees.

Employees must refrain from discussing confidential College business with any one who does not have a legitimate need to know the information.
Department heads will instruct employees on what information is considered confidential for their department and the procedure for handling requests for information.

Conflicts of Interest
An actual or potential conflict of interest occurs when an employee is in a position to influence a decision that may result in a personal gain for that employee or for a relative/close associate as a result of the College’s business dealings. For the purposes of this policy, a relative is any person who is related by blood or marriage, or whose relationship with the employee is similar to that of persons who are related by blood or marriage.

No employee should use their position with the College or information acquired during employment in a manner that may create a conflict, or the appearance of a conflict between the employee’s personal interests and those of the College.

If an employee has any influence on transactions involving purchases, contracts, or leases, they should immediately disclose to their supervisor and the Vice-President for Finance and Operations the existence of any actual or potential conflicts of interest. They shall also be required to execute a conflict of interest form.

Professional Standards of Conduct
To ensure orderly operations and provide the best possible work environment, Juniata expects employees to follow rules of conduct that will protect the interests and safety of all employees and the College. It is the responsibility of all Juniata employees to conduct themselves with the highest standard of ethical conduct and personal integrity.

The College can not tolerate irresponsible and/or illegal behaviors such as but not limited to, stealing; harassment; falsification of College records; possession, use, or sale of illegal drugs; working while under the influence of drugs or alcohol; excessive absenteeism; insubordination or other disrespectful conduct; physical violence or threats of violence; deliberate or repeated violations of safety practices; or unsatisfactory job performance or conduct which interferes with the performance of others. Such behaviors may result in corrective action, up to and including termination of employment.

Life-Threatening Illnesses
It is the philosophy of the College that mature individuals should be capable of regulating their own lives in a manner which not only reflects their own personal interests, but which also acknowledges their responsibilities to the larger community. Accordingly, decisions concerning the professional or academic careers of individuals with communicable diseases or disabling or life-threatening illnesses will normally be made by those individuals themselves, assisted by the advice and counsel of appropriate medical professionals. Under certain circumstances, however, the legitimate interest of others in the College community may require that an individual with a communicable disease or disabling or life-threatening illness be temporarily or even permanently separated from the College. In such cases, the College administration will be guided in its actions by the following guidelines:

- It is the stated policy of the College not to discriminate against qualified handicapped persons, including those individuals who may be “handicapped” as a result of communicable diseases or disabling or life-threatening illnesses.
- Every situation involving an individual with a communicable disease or disabling or life-threatening illness will be considered on a case-by-case basis, taking into account the totality of the specific circumstances involved.
- In each case, an appropriate College official, designated by the President, will make a specific determination concerning the extent to which the individual’s disease or illness substantially interferes with the individual’s ability to do his or her job or to meet the obligations of academic life in a reasonably satisfactory way.
- In each case, an appropriate College official, designated by the President, will make a specific determination assessing the reasonable probability of substantial harm to other members of the College community likely to result from the continued presence of the individual with the disease or illness.
In every case, the College will work reasonably to accommodate the special needs of individuals with such diseases or illnesses, and to assist those individuals in making necessary adjustments.

The College will protect to the fullest extent possible the privacy of individuals with such diseases or illnesses.

Individuals with communicable diseases or disabling or life-threatening illnesses will be separated from the College only after a full and fair review of each case has been made by appropriate College officials consistent with the guidelines stated above; a decision to separate an individual will be implemented with as little disruption to the life of the individual and prejudice to his or her academic or professional career as reasonably possible.

**Smoke-Free/Healthy Workplace Policy**

Due to the acknowledged hazards arising from exposure to tobacco, it is Juniata's policy to provide a tobacco-free environment for all employees, students, and visitors. All administrative buildings, classrooms, and individual offices are designated as tobacco free.

This policy covers the smoking of any tobacco product, and the use of smokeless tobacco. This applies to employees, students, and non-employee visitors of Juniata.

**Definition**

- There will be no use of tobacco products within the facilities at any time.
  - The decision to provide or not provide designated smoking areas outside the building will be at the discretion of President’s Cabinet.
  - The designated smoking area will be located at least 20 feet from the main entrance or at containers provided for the disposal of tobacco by-products.
  - All materials used for smoking, including cigarette butts and matches, will be extinguished and disposed of in appropriate containers. If the designated smoking area is not properly maintained (for example, if cigarette butts are found on the ground), it can be eliminated at the discretion of management.
- There will be no tobacco in any Juniata vehicle.
- Supervisors will discuss the issue of smoking breaks with their staff. Together they will develop effective solutions that do not interfere with the productivity of the staff.

**Procedure**

- Employees will be informed of this policy through signs posted in Juniata facilities and vehicles, the policy statement, and orientation for new hires.
- Visitors will be informed of this policy through signs, and it will be explained by their host.
- The College will assist employees who wish to quit smoking by facilitating access to recommended smoking cessation programs and materials. Please contact the Office of Human Resources for more information.
- Any violations of this policy will be handled through vice-presidents and supervising managers.

**Non-Violence Policy**

The College is committed to a safe environment that is free from physical assault, intimidation, and harassing conduct. Any threatening statement, harassment, or behavior that gives people cause to believe that their safety or health are at risk will be considered workplace violence. All reports of possible workplace violence will be taken seriously by members of the campus community.

Examples of workplace violence include but are not limited to the following:

- Threatening, harassing, assaulting or endangering the health or safety of any individual(s)
- Slapping, punching, or otherwise physically attacking a person
- Wielding a weapon or an object which appears to be a weapon
- Using greater physical size/strength or institutional power to intimidate another
- Threatening someone with harm
- Destroying or damaging College property
Employees who engage in actions or threats of violent behavior toward other employees, students, or the public while at the College will be subject to corrective action, including disciplinary action ranging from conditional status, mandatory counseling, dismissal and/or arrest if appropriate.

Computer Use Policy
The College provides to its employees the technology, equipment, and communication services necessary to promote the efficient conduct of its mission. All employees have the obligation to be familiar with the appropriate, ethical use of these services or be subject to corrective action including the loss of computer network privileges. The document, Ethical and Responsible Use of EagleNet Policy is located on the Juniata web site at: http://intranet/policies/eaglenetusage.html.

Use of Facilities and Resources

Scheduling Facilities

Events are scheduled on-line using the Event Scheduler which is accessed from the College Intranet home page/Online Forms/Event Scheduler. Class schedules are not listed on the Event Scheduler; they will appear as a conflict if your request is for a scheduled class time.

The Office of Conferences & Events (x3606) provides assistance for any scheduling questions or problems.

Approvals for events submitted on the Event Scheduler are given by the following areas:

- Athletics Office – Kennedy Sports & Recreation Center; athletic fields
- Conferences & Events – all non-classrooms; the Peace Chapel; Patrick Lodge; Raystown Field Station.
- Registrar's Office – all classrooms

Requests by non-College groups should be directed to the Office of Conferences and Events. Contracts are issued and rental charges are made for the use of facilities by non-College groups.

All requests for Baker Guest House must be directed to the Office of Conferences and Events. The C&E office is responsible for reserving rooms, issuing keys, and handling the charges for use of the facility. Baker Guest House is available for guests of the President, guest speakers, and candidates for faculty and administrative positions.

Listing an Event on Juniata's “College Events” Calendar

An event may be listed on the “College Events” calendar by accessing Juniata’s Intranet home page/Activities/Events Calendar/List Your Event.

Food Service
The food service contract is a partnership between Juniata and Sodexho Campus Services. Employees may purchase individual meals, snacks or beverages through the cafeteria in Baker Refectory, Muddy Run Café or Jitters Café. College-sponsored events requiring Food Service may be arranged through Food Services Catering, Ellis College Center, at extension 3337 or the Electronic Catering Guide located on the Intranet.

Parking
All employees must register their vehicles with the Security Office. After an application has been submitted, a parking sticker will be issued for the vehicle. The sticker must be placed on the left rear bumper.

All employees must obey posted College parking restrictions and traffic rules. Failure to pay a security-issued parking ticket will result in corrective action.

Parking is available in various lots across campus. Employees may park on any public street unless restricted by the Borough.
Health/Wellness Center
The Health/Wellness Center is located at 1622 Moore Street, and its purpose is primarily to serve the needs of students. The Center provides treatment for minor injuries and ailments and routine care of chronic illnesses. To provide the basic services, one nurse is regularly available, and the College Physician maintains regular consultation hours.

The Center also provides quality, short-term mental health and drug and alcohol counseling, referrals and health education activities.

The services of the Health Center staff are available to employees only in cases of emergency and for foreign travel immunizations upon proper scheduling.

Campus Post Office
The Juniata Post Office is an official U.S. Post Office. It provides all the same services as the main post office with the exception of money orders and express mail. There are daily window hours scheduled for summer and fall/winter. United Parcel Service is also available there. The Post Office Policy can be found at the Human Resources Website under the link Employee Handbook.

Recycling on Campus
The College supports the recycling efforts of the community and student groups. All employees are encouraged to participate in the campus recycling effort and become familiar with the program. A list of recyclable materials and recycling locations is listed in the faculty/staff directory.

Non-College Business

College Resources
College facilities and resources, and employee time, should not be used for non-College business purposes. Payment for personal copies and/or printing charges should be made promptly at the Accounting Office. The use of these or other services should at no time interfere with College business.

Any attempt to misuse the College telephone system which results in a loss of funds or increased expense to the College is a serious offense and will be handled appropriately.

Professional Associations/Local Volunteer Involvement
Administrators are encouraged to participate in professional associations as it assists administrators in their own professional development. Leadership positions within such associations (if requiring participation during normal College business hours) should be approved by the immediate supervisor and should not affect the job performance of the participant. If such involvement should require more than three (3) days’ absence from the College, a written request for participation should be made to the immediate supervisor who will make a decision in consultation with the President. Local volunteer involvement must not interfere with College business, involving only incidental College time. Local volunteer positions requiring more than incidental work time should be approved in the same way. If more time is required for volunteer participation, vacation time may be used.

Miscellaneous Policies and Services

The Juniata Lantern
The Juniata Lantern is an employee newsletter published quarterly. Its goal is “bringing to light the news, people, events and accomplishments of our community.” Any submissions for publication, suggestions for the newsletter, and/or volunteers as reporters are welcome. Please indicate your interest to the Office of Human Resources.

Solicitation Policy
The College does not intentionally release lists of names of employees to commercial advertisers, or in any way endorse the products and services which are advertised through the use of these lists.

Employees or persons not employed by the College may not solicit or distribute literature in the workplace or through the College computer systems at any time for non-College purposes.
Forums on the ARCH may be used for employees to sell items to co-workers. Common break areas may be used for employees to share information during non work time.

Traditionally the Huntingdon County United Way Fund has been permitted to solicit contributions from the College faculty and staff. Of course, the decision to contribute or not is strictly a personal one. On various other occasions, student groups and/or individuals may engage in fund raising activities with the prior written approval of Student Government.

The College does not allow for the use of College funds to purchase flowers or gifts for employees. Individuals wishing to purchase flowers or gifts should use their own personal funds or collect funds within the department.

Safety

All employees have a responsibility to insure safety in their work environment. **All employees must promptly report workplace injuries to their supervisor for filing with the Office of Human Resources.** The College will abide by all State and Federal laws regarding the safety of its employees, and employees shall observe all rules of the College relative to this matter. There are specific policies relating to emergency procedures, golf cart usage and hazardous chemicals. Please see your supervisor or contact a member of the safety committee for more information.

A member of the Administration shall serve on the joint Safety Committee of the College. Each employee is responsible for reporting to the supervisor and the Director of Human Resources the need for the elimination of safety hazards.

The most important thing to remember is to contact the Security Office immediately in case of emergency. The Security Office emergency number is 3636.
